#### NARA VISA HAPPENINGS

Mrs. Koontz, who came here from Missouri to wait on her daughter, Mrs. Roy Allen, who has been sick for a long time, took sick and died from a complication of diseases. Mrs. Koontz was taken back to Missouri for burial. Her son came after the body. He formerly lived in this county at Tucumcari, where he was employed on the Southwestern railroad.

Mr. Bowman, of the western part of this state, unloaded two fine Polled-Herford bulls here Saturday. He purchased a bunch of registered Hereford heifers from John Bell and re-loaded the bunch Sunday and took them to his ranch. Mr. Bowman said that two of the nice heifers he purchased from Mr. Bell last spring, were winners in the big State Fair at Albuquerque this year and he is proud of them. Mr. Bell has a fine herd and is gaining quite a reputation for his Herefords.

Louise C. de Baca, from the Ute Creek country, was in Monday and purchased 23 head of fine bull calves—10 from Rolland Bell and 13 from Fred Coats. He bought all the Polled-Herford bulls Mr. Bell had for sale and will use them on his large herd.

Ed. Hackerott of Obar was here Monday and took out a nice Polled-Herford bull which Mrs. Durham, of near Obar, had purchased from Rolland Bell.

The Palace of Liberal Arts at the Panama-Pacific Exposition. It contains the exhibit of the Bell System and is the western terminal of the Transcontinental line.

## Transcontinental Terminals

This Telephone building in New York is the eastern terminal of the Transcontinental line.

AMONG the many wonderful things worth seeing at the Panama-Pacific Exposition, which President Hadley of Yale has described as "the most beautiful and inspiring exposition the world has ever seen," the Transcontinental demonstration of the Bell System has won distinction and has been awarded the Grand Prize of Electrical Methods of Communication.

For the first time, perhaps, thousands who have visited the Bell Telephone Exhibit have realized what the wonderful long distance development of the Bell System means to them personally; how it links them to their home interests no matter where they are, and increases the range of their social and business activities.

One of the practical results of this striking demonstration of long distance development will be a larger use of the Bell long distance and toll lines which unite 9,000,000 telephones covering the whole country.
